Café Collection.

Four café directions, daylight, lounge, coastal and terracotta, every piece bespoke, built in our Delhi workshop.

Shaped by hand

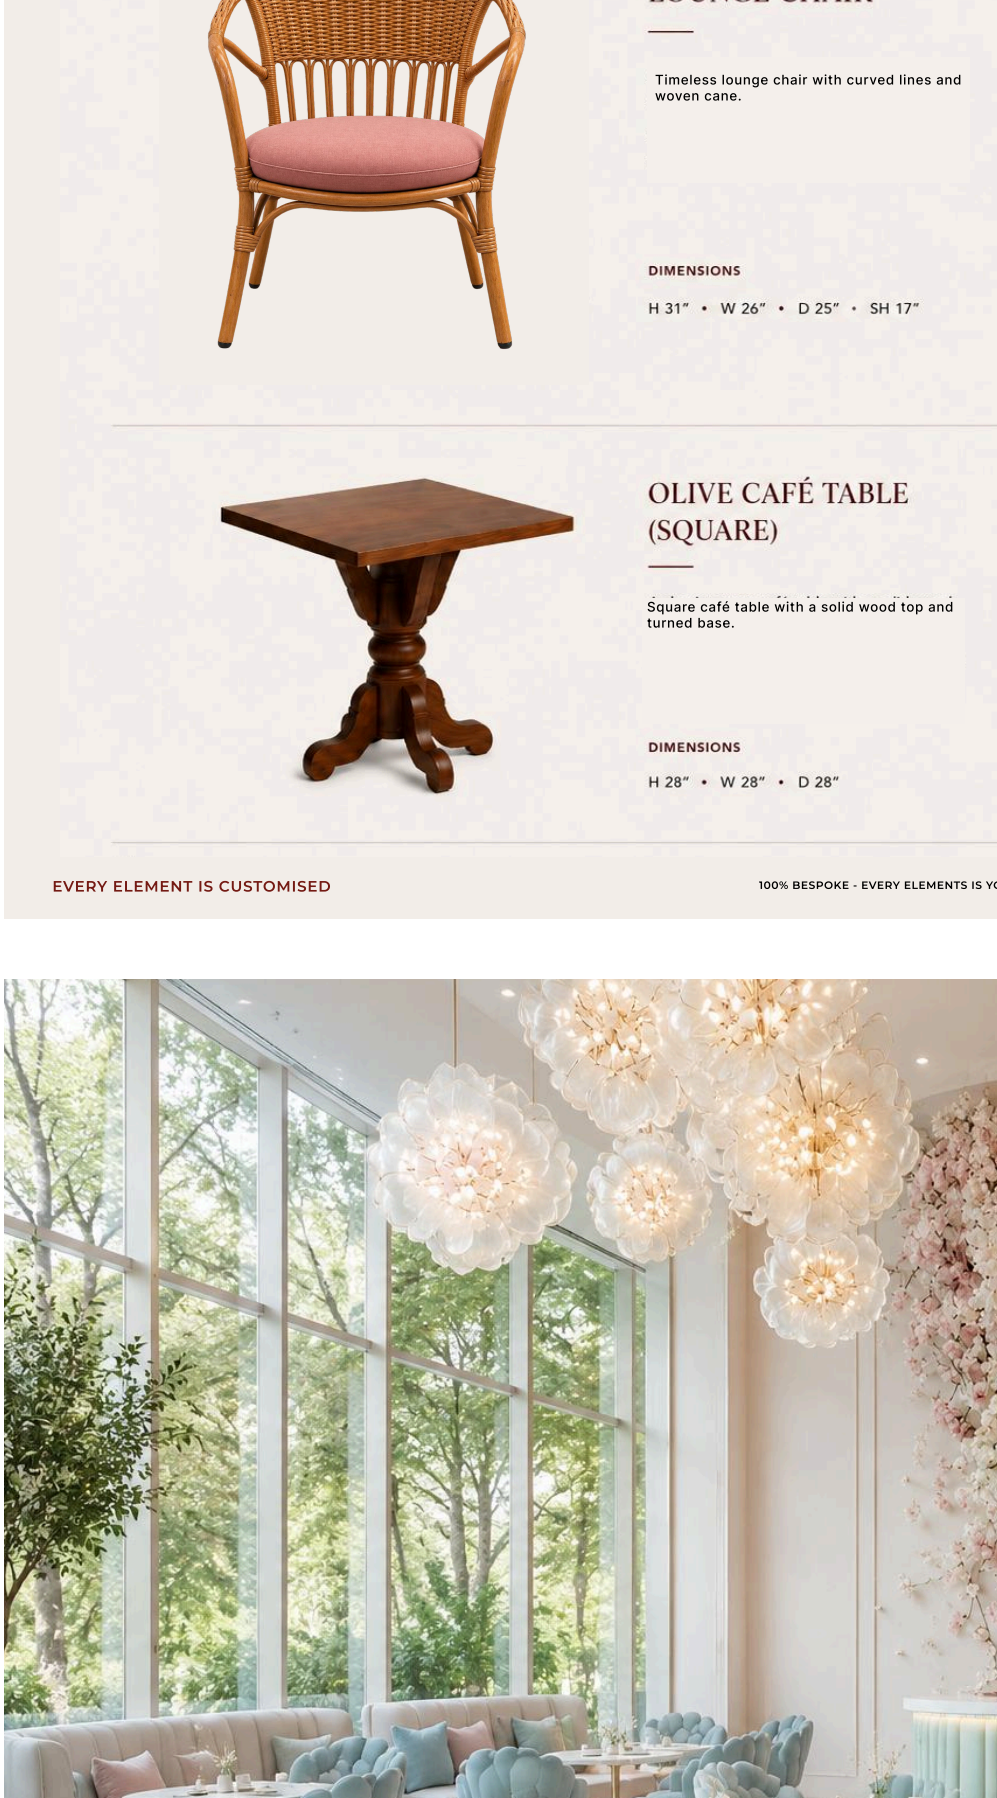

We listen to spaces. Every curve, joint and finish begins with understanding how a room wants to feel. Then we build the chair it's missing.

100% Bespoke.

No design is too complex. Our craftsmen shape what others won't produce across the full range. The best of every texture, in any colour you need.
